ZÁVER

Klesajúca mužská plodnosť je alarmujúca celosvetová zdravotná otázka, ktorej rozsah a dopad stále nedokážeme presne uchopiť. Je potrebný multidisciplinárny prístup a množstvo výskumov základnej etiológie a následnej terapie. Je potrebná osveta a záujem nielen odbornej ale aj laickej verejnosti a otázku mužskej (ne) plodnosti.
